

Bee Best Learning Center

ADDITIONAL SERVICES

Private Tutoring

We provide private one-on-one tutoring in a variety of school subjects, including general math, algebra, and language arts. The cost is \$35 per one hour session. Dates and times are determined by the student's family and tutor.

Workshops

Throughout the school year, Bee Best Learning Center offers a variety of educational workshops for additional fees. Some of these weekly workshops include:

- Chess Instruction (ages 5-14)
- Art Class (ages 5-14)
- English Writing Grades 1-2
- English Writing Grades 3-5
- English Writing Grades 6-8

Summer Program

Our summer objective at Bee Best Learning Center is for students to experience continued learning during the summer weeks while also having the opportunity to engage in entertaining activities. Thus, our summer program offers 10 one-week sessions of academic enrichment in the mornings with fun activities in the afternoons. In addition, we offer English writing workshops and special recreational workshops (such as cake decorating, theater arts, Lego fun, bowling) for additional fees. Your child may stay with us for the whole week or just join us for one of these workshops.

Bee Best Learning Center

Bee Best Learning Center is primarily an afterschool academic enrichment program intended for children in kindergarten through 8th grade. Our afterschool program includes homework help, Mandarin Chinese, and additional math and English practice to help students improve their academic skills. On Fridays, students have the opportunity to participate in arts and crafts, cooking, and more. Students may attend 5 days, 4 days, or 3 days per week. For an extra fee, we offer pickup service from local Castro Valley schools.

ACADEMIC ENRICHMENT

Homework help, Mandarin Chinese, and supplemental math and English practice are all included in our afterschool program tuition.

Your child may participate in all of these programs, or you may choose any combination.

Homework Help

Quiet class time is provided for students to work on their individual homework assignments. Two staffs are available to answer questions and review completed homework.

Mandarin Chinese

We teach simplified Mandarin Chinese. Our goal for this program is to provide a lively and interesting Chinese learning environment for children and to stimulate their interest in studying Chinese. We use the standard Ma Liping Chinese textbook. After evaluating their Chinese knowledge, students will be placed in either a beginning, intermediate, or advanced class.

Math and Critical Thinking

Through Accelerated Math's technology, we create individualized practice assignments tailored at each child's level which will keep every child motivated and challenged. Your children will tackle new objectives and dramatically improve their math skills. We provide weekly feedback on your child's progress.

English (reading comprehension & grammar)

This program will enhance and expand language arts concepts taught during the school year. We primarily use grade appropriate language worksheets from well-known publishers. This will help your children to meet the state standards and challenge them to achieve higher levels.

Afterschool Schedule
