## WHO WE ARE

### Afterschool Program

Bee Best Learning Center is primarily an afterschool academic enrichment program intended for children grades K-8th. Our afterschool program includes homework help, Mandarin Chinese, and additional math and English practice to help students improve their academic skills. On Fridays, students have the opportunity to participate in arts and crafts, cooking, and more. For an extra fee, we offer pickup service from local Castro Valley schools.

### Private Tutoring

We provide private one-on-one tutoring in a variety of school subjects, including general math, algebra, and language arts. The cost is \$35 per one hour session. Dates and times are determined by the student's family and tutor.

### Workshops

Throughout the school year, Bee Best Learning Center offers several of special workshops for additional fees. These workshops include weekly chess instruction, drawing classes, and English writing classes for grades 1 through 8.

# Bee Best Learning Center

Our summer program offers 10 one-week sessions of academic enrichment in the mornings with fun activities in the afternoons. In addition, we offer English writing workshops and special recreational workshops for additional fees. Your child may stay with us for the whole week or just join us for one of these workshops.

Our objective at Bee Best Learning Center is for students to experience continued learning during the summer weeks while also having the opportunity to engage in fun and energetic activities.

## DAILY SCHEDULE

In addition, on Monday afternoons students may visit the Castro Valley Library to enjoy the story-telling hour and check out reading books.

Fridays are “fun” days! Students may attend interesting field trips in the mornings and watch a kid-friendly movie in the afternoon.

Note: All listed activities, projects, field trips, workshops, and daily schedules are subject to change.

# 2010 Summer Program

ALL of the academic and fun activities listed below are included in our regular summer program tuition:

## ACADEMIC ENRICHMENT

Your child may participate in all three classes, or you may choose any combination of classes.

### Math and Critical Thinking

Through Accelerated Math, we create individualized practice assignments tailored at each child’s level. The personalized instruction will keep students challenged as they improve their math skills.

### English (reading comprehension & grammar)

This class will expand English concepts taught during the school year. We primarily use grade appropriate worksheets from well-known publishers to help students meet and exceed state standards.

### Mandarin Chinese

Our goal is to provide a stimulating Chinese learning environment for children. We teach simplified Mandarin Chinese using the standard Ma Liping Chinese textbook.

## FUN ACTIVITIES

This summer many of our projects will focus around a common theme of the “Old West”.

### Arts & Crafts

(pipe cleaner creatures, beading, towel animals, etc.)

### Cooking Projects

(sweet cornbread, Indian fry bread, flapjacks, etc.)

### Outdoor Play

(water balloon tosses, relay races, croquet, etc.)

### Field Trips

(horse ranch, Lake Chabot, grocery store tour, etc.)
