SUMMER PROGRAM

All of the academic and fun activities listed below are included in our regular summer program tuition. Our objective at Bee Best Learning Center is for students to experience continued learning during the summer weeks while also having the opportunity to engage in fun and energetic activities.

ACADEMIC ENRICHMENT

The following academic classes are included in our regular summer program. These classes are held Monday through Thursday mornings. Your child may participate in all three classes, or you may choose any combination of classes.

Math and Critical Thinking

Your children will tackle new objectives and dramatically improve their math skills. Each day we provide ongoing feedback on your child's daily practice.

Mandarin Chinese

We teach simplified Mandarin Chinese. Our goal for this program is to provide a lively and interesting Chinese learning environment for children and to stimulate their interest in learning Chinese. We are using the standard Ma Liping Chinese textbook.

English (reading comprehension and grammar)

This program will enhance and expand language arts concepts taught during the school year. We primarily use grade appropriate language worksheets from well-known publishers. This will help your children to meet the state standard and challenge them to achieve higher levels.

Note: All listed activities, projects, and field trips are subject to change.

FUN ACTIVITIES

The following fun crafts and activities are also included in our regular summer program. These activities are usually conducted in the afternoons.
